

**Product:** FINESTER SS

**CAS Number:** 2778-96-3      **EINECS:** 220-476-5

**INCI Name:** Stearyl Stearate

**Description:** FINESTER SS is an ester derived from vegetable origin raw materials. It is a lower molecular weight product used in a wide range of personal care formulations.

**Specifications:**

Appearance	White powder
Acid Value	3.0 Max.
Saponification Value	195 - 100
Iodine Value	3.0 Max.
Melting Point	56 ± 5°C

(Slight variations in the specifications stated due to raw materials and production conditions are possible though they have no influence on the application properties described.)

**Suggested Uses:**

- Acts as emollient as dispersant in anti-acne, anti-ageing, skin treatment, sun care, color cosmetics formulations etc.
- Contributes barrier properties and lubricity without leaving a heavy after feel in formulations.
- Acts as a viscosity controlling agent in personal care formulations.

**Storage:** To be stored in original packing in a shaded warehouse away from heat & direct sunlight.

**Shelf Life:** One year from the date of production if stored under above mentioned storage conditions in unopened packaging.

**Packing:** 25kg paper bag laminated HDPE

**Additional Information:** MSDS \ Non-Allergen \ Non-GMO \ HAACP certificates available upon request

(The recommendations in this bulletin are made without guarantee since the conditions of use are beyond our control. Users should make their own tests depending on individual requirements and desired properties.)
