

Product: FINESTER 4112

CAS Number: 9004-81-3

INCI Name: PEG 400 Mono Laurate

Description: FINESTER 4112 is a PEG ester which is derived from raw materials sourced from vegetable origin.

Specifications:

Appearance	Pale Yellow Clear liquid
Nature	Non-ionic
Acid Value	5 Max
Iodine Value	10 Max
Sp.Gravity (30°C)	1.0 - 1.15

(Slight variations in the specifications stated due to raw materials and production conditions are possible though they have no influence on the application properties described.)

Applications:

- Finester 4112 acts as a primary and auxiliary emulsifier in personal care formulations.
- It also acts as a pigment wetting and dispersing agent in color cosmetics like eye shadow and makeup.

Storage: To be stored in original packing in a shaded warehouse away from heat & direct sunlight.

Shelf Life: One year from the date of production if stored under above mentioned storage conditions in unopened packaging.

Additional Information: MSDS \ Non-Allergen \ Non-GMO \ HAACP certificates available upon request
